Green Policy Document on

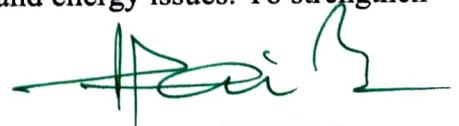

Environment and Energy Usage

MMK & SDM Mahila Mahavidyalaya, Mysuru focuses on **The Environment and Energy usage Policy** to manage energy in a sustainable manner to ensure its maintenance and minimize its impact on the environment. The policy implies to the entire institution and is applied to all its stakeholders and to the various activities undertaken by the institution.

The Science and Nature Club in association with NSS and Ranger's unit organizes environmental awareness and green campus initiative activities helping us to realize our responsibilities and obligation towards natural resources and its conservation.

Policies:

- To assess our energy usage and measure its impact on the environment.
- To reduce local air pollution emissions using environment-friendly vehicles, including battery powered vehicles, public transportation and use of pedestrian-friendly roads.
- To restrict the entry of outsiders, students' vehicles into the campus.
- To install photovoltaic solar panels for the generation of alternative energy.
- To install LED bulbs in the complete campus to save energy.
- To develop systematic waste management mechanisms.
- To undertake a tree plantation drive.
- To develop medicinal gardens and maintain a green landscape to minimize the carbon dioxide emission level.
- To take additional measures to continuously improve our energy consumption.
- To ensure the availability of necessary resources to achieve our objectives.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets.
- To engage in dialogue with the government agencies, municipal corporations and the affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development.
- To monitor and respond to emerging environmental and energy issues. To strengthen

our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.

- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives that contribute to environmental protection.
- To organize environmental awareness programs for staff and students by the Science and nature club.

This policy will be circulated to the employees and students and is also made available to all the stakeholders on the institutional website.
