Green Policy Document on

Environment and Energy Conservation

In order to maintain energy and reduce its adverse impact on the environment, our institution places a strong emphasis on energy usage policies and the environment. The policy applies to all stakeholders, the institution as a whole, and the *different activities* that the organization engages in.

Activities promoting environmental awareness and the green campus initiative are organized by the Science and Nature Club, NSS and the Ranger's unit. The events assist in realizing our duties and obligations regarding the preservation of natural resources. To educate about climate change and sustainability.

Polices:

- As a part of green initiative, the guests will be greeted with saplings.
- To reduce global warming, staff and students are encouraged to plant the saplings on special occasions
- To conserve natural resources such as water and bio-diversity
- To reduce air pollution, encouraging students and staff to use public transportation, eco-friendly vehicles or through pedestrian friendly roads.
- To develop medicinal gardens and maintain a green landscape to minimize the carbon dioxide emission level.
- To promote a culture of environmental awareness among staff and student by invited special lectures.
- Increasing the installation of Solar Panels in the campus.
- To save energy, install LED lamps across the institution.
- To restrict the number of outsiders and students' vehicles that can enter the campus.
- To implement waste management techniques.
- To implement eco-friendly practices such as reducing energy consumption, minimizing wastes, encouraging recycling and sustainable materials.
- To engage with the government agencies, municipal corporation and affiliating university and actively work with the local organizations in the areas of environment, energy efficiency and sustainable development,
- To maintain hygiene and cleanliness a sanitary incinerator is installed in the restrooms.

This policy will be circulated to the employees and students and is also made available to all the stakeholders on the institutional website.
