Abstract

Women have played a pivotal role in the global development of various sectors namely medical and agricultural sectors through the ages. Women Entrepreneurship in Biotechnology area is springing and is considered as Golden era. Karnataka has made a notable transition toward regulations that support new businesses and an atmosphere that is conducive to entrepreneurship. The entrepreneurship has seen significant growth in recent years, with increased government support and investment from venture capital firms. In this chapter, the role of the women entrepreneurs and their achievements from Bangalore city has been highlighted.

Keywords: Biotechnology, Women, Entrepreneur, Bangalore.
