**FOR THE FAVOUR OF PUBLICATION**  
**Celebrating National Technology Day on 3rd May 2024**

MMK and SDM MAHILA MAHA VIDYALAYA, Krishnamurthypuram, Mysore under the aegis of Internal Quality Assurance Cell hosted by Departments of Physical Sciences is organizing ITECHNARY – 2024 to commemorate National Technology Day on Friday, 3<sup>rd</sup> May 2024, at the College Auditorium. The Lecture-series programme is organized by eminent scholars to give an opportunity for the students to broaden their understanding beyond the curriculum. The objective of this event is to fulfil the influence of Science and Technology in the development of civilization and the scope of addressing the current challenges for various sectors of standards of living.

The programme will be inaugurated at 10:00 am, by **Dr. Narasimha Kaulgud, Professor, Department of Electronics & Communication, National Institute of Engineering, Mysore** and will deliver the **Keynote address**. Prof. Sainath Malligemadu, Principal of the College will preside over the function.

After the inauguration, Three (3) Technical Sessions will be delivered.

1. Prof. Guruprasad P.S, Professor, Department of Mathematics, Government First Grade College, Chamarajanagar.
2. Dr. Kiran K.U, Associate Professor and Head, Department of Electronics, Maharani's Science College for Women, Mysore.
3. Dr. Chandrashekar H.B, Scientific Officer, Forensic Science Laboratory, Police Department, Government of Karnataka, Bengaluru.

For further details, contact the Coordinator of the event Smt.N. Bharathi, Associate Professor and HOD of Physics on Cell No. 9880002590/7892440525 and E-mail ID: [bharathi@sdmmmkmysore.in](mailto:bharathi@sdmmmkmysore.in)

### Itechnary 2024

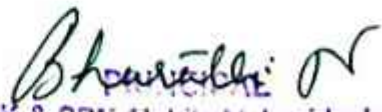

#### Inaugural Function

Date: 3<sup>rd</sup> May 2024

Time: 10.00 am

Invocation	Miss. Hamsa Chandana and group, I B.Sc
Welcome	Smt. N. Bharathi, Associate Prof and Head, Department of Physics
Introduction of Chief Guest Prof. Narasimha Kaulgud	Smt. K.S. Sukrutha, IQAC Co-ordinator & Head, Department of Computer Science
Inauguration	By Dignitaries on the Dias by watering the plant
Key Note Address	Dr. Narasimha Kaulgud, Professor, Department of Electronics & Communication, NIE, Mysore
Presidential Address	Prof. Sainath Malligemadu Principal
Vote of Thanks	Smt. Chaitra.N Assistant professor & Head Department of Mathematics

*Master of Ceremony : Miss.Niharika.V.Jain, Assistant Professor of Physics*

# ONE DAY STATE LEVEL LECTURE SERIES PROGRAMME ITECHNARY-2024

## REPORT

A one day State Level Lecture Series Programme in connection with National Technology Day was organized by the Department of Physical Sciences of MMK & SDM Mahila Maha Vidyalaya, Krishna Murthypuram, Mysore on 3<sup>rd</sup> May 2024.

Prof. Narasimha Kaul Gaud, Department of Electronics and Communication, NIE College, inaugurated the programme and delivered the key note address. In his key note address he said how Adaptive filters are essential in machine learning for tasks like noise reduction and pattern recognitions and in various other domains such as image forgery detection and financial forecasting.

He highlighted the role of quantum computing in the fields like cryptography, optimization, drug discovery and material science by solving certain problems much faster than classical computers.

The programme was presided by the Principal Prof. Sainath Malligemadu. The principal in his Presidential remarks spoke about how technology has played a significant role in improving the quality of life in all walks of life and the exciting possibilities the Technology holds for future.

Earlier Smt. N. Bharathi, HOD of Physics & Electronics spoke about the significance of Technology day and welcomed the gathering. Smt. K.S Sukrutha, HOD of Computer Science and also IQAC Co coordinator introduced Dr. Narasimha Kaulgud, to the gathering. The programme was presided by the

*Bharathi N*

Principal Prof. Sainath Malligemadu. The other Resource Persons were (i) **Dr. Guruprasad P.S, Professor, Department of Mathematics, Government First Grade College, Chamarajanagara** on the topic "A walk through Ramanujan Garden"

(ii) **Dr. Kiran.K.U, Associate Prof and Head, Department of Electronics, Maharani's Science College for Women, Mysore** on the topic "Basics of Photography"

(iii) **Dr. Chandrashekar H.B, Scientific Officer, Forensic Science Laboratory, Police Department, Government of Karnataka, Bengaluru** on the topic "Forensic Chemistry"

Vote of Thanks was proposed by **Smt. Chaitra.N, Assistant professor & Head, Department of Mathematics** and the programme was compeered by **Miss.Niharika.V.Jain, Assistant Professor, Department of Physics**

#### **Objective of the National Technology Day Programme:**

- To explore the basics of photography, the principles of forensic chemistry and the significant contributions of Srinivasa Ramanujan to mathematics.
- To encourage the students to appreciate the practical applications of theoretical knowledge in real world scenarios.
- To demonstrate the interconnectedness of different scientific disciplines and how they contribute to technological advancements.

There were **Three Technical Sessions.**

**The first Technical session was by Dr. Guru Prasad P.S , Professor, Department of Mathematics, Government First Grade College, Chamarajanagara. on the topic " A walk through Ramanujan Garden "**

Dr Guru Prasad commenced the lecture by providing a comprehensive overview of Srinivasa Ramanujan's early life, upbringing, and his innate talent for mathematics. Emphasizing Ramanujan's humble beginnings in Erode, Tamil Nadu, the speaker highlighted the challenges he faced and the perseverance he demonstrated in pursuing his passion for mathematics.

*Bharathi N*

Dr GuruPrasad recounted Ramanujan's childhood fascination with numbers and his self-taught exploration of mathematical concepts. Despite lacking formal training, Ramanujan exhibited a rare talent and an intuitive understanding of complex mathematical phenomena. The lecture delved into Ramanujan's pivotal correspondence with G. H. Hardy, a renowned mathematician at Cambridge University. He emphasized the significance of this collaboration in bringing Ramanujan's work to the attention of the international mathematical community. He also highlighted Ramanujan's groundbreaking contributions to number theory, including the discovery of the Ramanujan prime and the formulation of Ramanujan's theta function. These contributions revolutionized the field of mathematics and continue to influence research to this day.

The lecture concluded with a reflection on Ramanujan's enduring legacy and his influence on subsequent generations of mathematicians. The guest speaker underscored the importance of recognizing Ramanujan's contributions and preserving his legacy for future study and inspiration.

The lecture provided a fascinating insight into the life and work of Srinivasa Ramanujan, celebrating his extraordinary achievements and his enduring legacy in the world of mathematics. The lecture served as a tribute to Ramanujan's genius and a testament to the power of human intellect and perseverance in the pursuit of knowledge.

**Second Technical session** was by **Dr. Kiran.K.U**, Associate Prof and Head, Department of Electronics, Maharani's Science College for Women, Mysore on the topic "**Basics of Photography**". Dr. Kiran started with brief history of Photography and explained how technology evolved to develop different types of cameras such as Film Camera Point and shoot camera, Digital Single Lens Reflex (DSLR) camera. Mirrorless camera, Drone camera, Digital Cinema Cameras. 360-degree camera, Smart phone camera and many others. He described camera lenses in smart phone and clarified the difference between optical zoom versus Digital zoom. He highlighted symmetry in photography and on how to take photographs based on position of the sun and also best time to click different types of photos. He demonstrated the control of shutter speed, Exposure value, focus and White Balance. Dr. Kiran explained RAW setting which covers wider dynamic

range and color gamut, has finer control and adjustment potential, has better sharpening potential and also about DNG format. He elaborated on things required for long exposure photography and understanding of colours in photography (additive primary and subtractive primary colors)

He said that best way to improve photography skills is through consistent practice and experimentation. Students were asked to try different techniques and settings to find their own unique style.

He concluded by saying that photography is an art form that combines technical skills with creativity. He advised the participants to explore, have patience and enjoy the process of capturing the photos

**Third Technical talk was by Dr. Chandrashekar H.B,** Scientific Officer, Forensic Science Laboratory, Police Department, Government of Karnataka, Bengaluru on the topic "**Forensic Chemistry**".

**Dr. Chandrashekar** commenced the lecture with the basics of forensic chemistry and its importance in criminal investigations. He started with historical background and development of forensic Science and described how through this historical cases were solved. He explained role of forensic chemistry in understanding and addressing illicit liquor cases, Petroleum and arson cases, Gold polishing and cheating cases, Acid abuse cases, explosives cases, Narcotic drugs and briefed on how forensic chemistry employs various tests to detect cheating in academic or professional settings. Techniques such as ink analysis can determine if documents have been altered by examining the chemical composition of inks. Chromatography is used to separate and identify substances within samples, revealing tampering or fraudulent activities.

He elaborated on how forensic science plays a crucial role in analyzing explosive articles, such as bomb residues to determine their composition and origin. He explained how techniques such as gas chromatography-mass spectrometry and infrared spectroscopy are used to identify chemical compounds present in explosive materials and gave an example of how to identify and quantify toxic substances like methanol and said that the results are compared against legal standards and detailed reports are prepared to aid in legal proceedings and public health interventions. Additionally, he opined that forensic science can reconstruct

*Bharathi N*

the explosive device by examining fragments and residues providing critical evidence in criminal investigations and counter-terrorism efforts.

In conclusion he said that forensic chemistry is an indispensable tool in the pursuit of justice, offering precise and reliable analysis of evidence from crime scenes. Its applications range from identifying illicit substances and explosive residues to uncovering document tampering and detecting poisons. He opined that by harnessing advanced techniques such as chromatography spectroscopy and mass spectrometry, forensic chemists provide critical insights that can make or break a case and also as technology evolves, the field continues to advance, ensuring that forensic chemistry remains at the forefront of solving crimes and safeguarding society.

### **Outcome of the National Technology Day Programme**

The National technology Day Celebration at our college was a resounding success marked by insightful lectures in Physics, Chemistry and Mathematics. The talk on the Works of Ramanujan inspired attendees by showcasing his remarkable contributions to mathematics encouraging stronger involvement with the subject. The session on the basics of photography provided students with a comprehensive understanding of the principles behind capturing images, sparking interest in photography's technical aspects. Lastly the forensic chemistry lecture offered a fascinating glimpse into the application of chemical principles in solving crimes, enhancing students' appreciation for chemistry's real – world applications.

Overall, the programme enriched student's knowledge and ignited their enthusiasm for technology and science.

The Programme was attended by 131 students and faculty members.

Feedback from the delegates were received online by providing them with feedback link.

Respected Sir,

***Sub: Request to be Inaugurator of "ITECHNARY-2024" – Regarding***

Greetings of the day,  
MMK & SDM Mahilamaha Vidyalaya, Mysuru established in 1990, is now one of the prestigious education centers in the city of Mysore. The College offers degree courses in Science, Computers, Management and PG degree in Commerce. The institution has been striving to attain all round excellence and to impart quality education along with ethical and cultural awareness to students of all strata of society under the dynamic guidance of our President Padmavibhushana Poojya Dr.D.Veerendra Heggade. As the President of SDM Educational Society, he has been phenomenally successful in leading more than 56 institutions throughout Karnataka. Our institution has been working diligently towards fulfilling the vision "Empowerment of women to face the global challenges". To actualize our vision, we conduct various activities and events that help our students to gain exposure to the latest developments in Science and Technology and people associated with innovation and research.

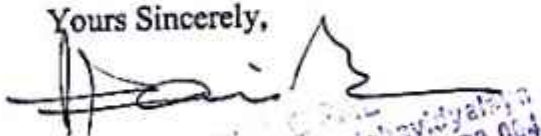

Since past two years, though ours is a Science and Commerce College, we are celebrating National Technology Day as well by organizing ITECHNARY- 2024 Journey of Technology in Shaping Civilization. This year we have planned to celebrate the same on 3rd May 2024. In this connection we have contacted you and conveyed our eagerness to invite you to Inaugurate and deliver Keynote address to this programme at 10 am.

Thank you sir, for accepting our invitation.

We the Staff and Students eagerly awaiting for your arrival.

Thanking you,

Yours Sincerely,

  
Principal

Dear Sir,

*Sub: A Talk on "Forensic Chemistry" – invitation of - regarding*

MMK & SDM Mahilamaha Vidyalaya, Mysuru established in 1990, is now one of the prestigious education centers in the city of Mysore. The College offers degree courses in Science, Computers, Management and PG degree in Commerce. The institution has been striving to attain all round excellence and to impart quality education along with ethical and cultural awareness to students of all strata of society under the dynamic guidance of our President Padmavibhushana Poojya Dr.D.Veerendra Heggade. As the President of SDM Educational Society, he has been phenomenally successful in leading more than 56 institutions throughout Karnataka. Our institution has been working diligently towards fulfilling the vision "Empowerment of women to face the global challenges". To actualize our vision, we conduct various activities and events that help our students to gain exposure to the latest developments in Science and Technology and people associated with innovation and research.

In this regard we are celebrating National Technology Day by conducting Lecture series and organizing "ITECHNARY – 2024". We are extremely happy to invite you to our institution to deliver a talk on "Forensic Chemistry" to the students of B.Sc. Degree course of our College on 3rd May 2024 at 3:15 pm. Please make it convenient to attend and oblige.

Thanking you,

Yours Sincerely,

Principal

Dear Sir,

Sub: Requesting to send resource person Dr. Chandrashekar H B, Scientific Officer, Chemistry Section, RFSL, Mysuru to the special lecture program on forensic chemistry.

Since past two years, though ours is a Science and Commerce College, we are celebrating National Technology Day as well by organizing ITECHNARY- Journey of Technology in Shaping Civilization. This year we have planned to celebrate the same on 3rd May 2024. In this connection we have contacted Dr. Chandrashekar H B, Scientific Officer, Chemistry Section, RFSL, Mysuru to deliver a special lecture on Forensic Chemistry. We request you to give permission to Dr. Chandrashekar H B for this lecture which is a part of ITECHNARY – 2024 celebration.

Hope our request will be considered favorably.

Thanking you,

Yours sincerely,
