Introduction:

Drug abuse prevention is a critical and ongoing effort aimed at reducing the misuse of substances that can have detrimental effects on individuals, families, and communities. It encompasses a wide range of strategies and initiatives designed to educate, raise awareness, and ultimately reduce the prevalence of substance abuse and its associated consequences

Program Objectives:

- a. **Preventing Initiation of Drug Use:** Educate individuals about the risks and consequences of drug abuse to deter them from experimenting with drugs. Encourage healthy lifestyle choices, resilience, and coping skills to reduce the likelihood of initial drug use and Implement policies and measures to restrict access to drugs, especially among young people.
- b. **Early Detection and Intervention:** Identify individuals or groups at higher risk of substance abuse due to factors like family history, trauma, or peer pressure. Offer targeted educational programs and interventions to at-risk populations to prevent the escalation of drug use and Ensure that individuals identified as at-risk have access to counseling, mental health services, and other resources.
- c. **Promoting Community and Family Engagement:** Enhance family communication and support systems to reduce the risk of substance abuse among children and adolescents. Develop community-based initiatives that engage schools, organizations, religious institutions, and local governments in prevention efforts and Establish peer support programs and mentorship initiatives to provide positive role models and influence behavior.
- d. **Education and Awareness:** Introduce age-appropriate drug education programs in schools to provide students with accurate information about drugs and their risks and Develop public awareness campaigns that disseminate information about the dangers of drug abuse and available resources for help

Proceedings:

- **Welcome Address:** A program organizer or host welcomes attendees and introduces the purpose and importance of the event.
- **Invocation:** Pragnya and team of final year B.Com invoked the god's prayer.
- **Keynote Address:**
- **Understanding Addiction:** Experts discuss the science and psychology of addiction, explaining why some individuals are more vulnerable to substance abuse. Health Consequences and Discussions on the physical and mental health consequences of drug abuse.
- **Personal Stories/Recovery Stories:** Individuals who have overcome addiction share their personal experiences, emphasizing the challenges they faced, their journey to recovery, and the importance of seeking help and Family members of individuals affected by addiction may also share their stories, shedding light on the impact of substance abuse on loved ones.

PRINCIPAL
MMK & SDM Mahila Mahavidyalaya
Krishnamurthypuram, Mysore-570 01

Outcomes:

- **Increased Knowledge and Awareness:** Participants gain a better understanding of the risks and consequences associated with drug abuse, including the physical, mental, and social effects of substance use.
- **Identification of Signs and Risk Factors:** Attendees learn how to recognize signs of drug abuse in themselves or others, as well as the risk factors that make individuals more susceptible to addiction.
- **Improved Communication Skills:** Participants acquire effective communication skills, enabling them to engage in open and nonjudgmental discussions about drug use with peers, family members, and friends.
- **Empowerment to Make Informed Choices:** Individuals leave the program with the knowledge and tools necessary to make informed decisions about drug use and to resist peer pressure.

Conclusion:

Drug abuse prevention is a critical and ongoing effort that requires the collaboration of individuals, communities, governments, and healthcare professionals. The detrimental consequences of drug abuse on individuals, families, and society underscore the urgency of implementing comprehensive prevention strategies. Education, awareness, and outreach programs play a pivotal role in equipping individuals with the knowledge and skills needed to make informed and healthy choices.
