

## Report

Date: May 8, 2023

Time: 10:00 AM

Subject: Statistics in Business

Participants: 18 attendees

### Summary of Session:

Prof. Suresh B.H from the University of Mysore led a compelling session on Statistics in Business. The session emphasized the practical application of statistical methods to analyze business data, covering topics such as forecasting, correlation testing, and data description. Attendees found the session highly practical and gained valuable insights into the application of statistics in business contexts.

Prof. Suresh B.H's lecture on "Statistics in Business" served as an enriching experience, enabling participants to grasp the practical application of statistical methods in business scenarios, empowering them with crucial analytical skills and decision-making capabilities.

### Objectives:

- To empower participants with the tools necessary for making well-informed and prudent business decisions based on statistical analysis.
- To foster the growth of critical thinking skills essential for interpreting and applying statistical methods in a business setting.

### Outcomes:

- Participants developed the ability to construct comprehensive, concise, and accurate mathematical proofs—a crucial skill in statistical analysis.
- Attendees were equipped with the capability to make successful business decisions grounded in fundamental values, utilizing statistical insights as a guiding force.
