1. INTRODUCTION: -

MMK & SDM Mahila Mahavidyalaya in association with Mysore District Health Organized Covaxin Booter Dose Drive. The Covaxin booster dose for students is vital in ensuring their safety as they return to educational settings during the ongoing pandemic. Providing an additional layer of protection helps reduce the risk of transmission and supports a secure learning environment, prioritizing the health and well-being of students.

2. OBJECTIVES:

- Enhance Protection: To provide additional protection against COVID-19, reducing the risk of transmission among students.
- Ensure Student Safety: To prioritize the health and well-being of students, creating a secure learning environment.
- Support Education Continuity: To enable students to return to educational institutions safely, ensuring uninterrupted learning.
- Reduce Disruptions: To minimize potential outbreaks and disruptions caused by the virus, ensuring the smooth functioning of educational activities.
- Promote Public Health: To contribute to overall public health efforts by reducing the spread of the virus among the student population.

3. PROCEEDINGS OF THE PROGRAM

1. Registration and Preparations: Prior to the drive, students were informed about the importance of the booster dose in safeguarding their health and enabling a secure learning environment.

2. Screening and Verification: On the designated day, students underwent a thorough health screening and verification process to ensure their eligibility for the booster dose. Medical professionals assessed their medical history and current health status to identify any contraindications.

3. Vaccination Process: Qualified students received the Covaxin booster dose administered by trained healthcare personnel. Adequate safety measures, including social distancing and sanitization protocols, were strictly followed throughout the vaccination process.

4. Post-Vaccination Care: After receiving the booster dose, students were monitored for a brief period to check for any immediate adverse reactions. Information pamphlets were distributed to guide them on post-vaccination care and what to do in case of any discomfort.

5. Encouraging Safe Learning Environment: By providing the Covaxin booster dose, the program emphasized the importance of prioritizing the health and well-being of students.

4. NO OF STUDENTS INVOLVED

164 students

5. CONCLUSION

The vaccination of 164 students serves as a significant milestone in ensuring their health and safety amidst the ongoing pandemic. By receiving the Covaxin booster dose, these students have taken a proactive step towards protecting themselves and their peers, contributing to the creation of a safer educational environment. This achievement reinforces the commitment to prioritize student well-being and supports the continuity of education by reducing the risk of COVID-19 transmission.
