REPORT ON
Three Day National Workshop
on
Fundamentals of Interpreting NMR Spectra
2020

DATE: 27-29/08/2020
TIME: 9:30 onwards
INUGAURATOR: Dr. Yashoverma B, Secretary SDME Society, Ujire
PRESIDENT: Prof. Sainath Malligemadu, Principal
CONVENER: Dr. Wethroe Kapfo
ORGANISING SECRETARY: Dr. P.F. Steffi Bipin
CHAIRMAN: Mr. Bipin Joseph
VENUE: Department of Biochemistry, MMK & SDM MMV

PRINCIPAL

**MMK & SDM Mahila Maha Vidyalaya
Krishnamurthypuram, Mysuru-570004**

MMK and SDM Mahila Maha Vidyalaya
Department of Biochemistry

Proposal

National Workshop on
Fundamentals of Interpreting NMR Spectra
28th, 29th and 30th August, 2020

Background:

Nuclear Magnetic Resonance (NMR) is one of the fundamental analytical techniques required to identify and predict the structure of a known or novel compound. This technique is applied in fields of chemistry, biochemistry, food science, pharmaceutical science, medicine, agriculture, biotechnology etc. The ability to understand the spectrum/ data generated requires basic knowledge of chemistry, physics and mathematics. As a result, many researchers struggle to interpret the data accurately and confidently. The workshop proposed therefore attempts to bridge the gap by dealing with the theory and practical fundamentals of NMR, and the art of presenting the information by inviting experts as resource persons who will explain in detail using known simple molecules as examples. The main objective is therefore, to enable the participants, particularly those who are new to the concept to have a basic foundation so that in future while taking expert opinion for complex molecules, they will be more coherent in their expectations and confirmation of the data.

Objective:

To explain the scope of NMR

Understand NMR instrumentation

Data interpretation using small molecules as example

Presentation of results on research paper

Arrangements:

The workshop will be organised in association with Ryan Publishers, Trichy, Tamil Nadu, which is a start-up publishing house. Dr. Wethroe Kapfo, Assistant Professor and Head of Department of Biochemistry, MMK & SDM MMV, Mysuru will be the Convener of the program, while Dr. Steffi Bipin, Editor-in-Chief, Ryan Publishers, Tamil Nadu will be Organising Secretary. Ryan Publishers will be handling the technical support during the sessions. Depending on the number of registrations, the workshop will be conducted using Google Suite and YouTube Live.

Resource Persons:

Prof. Dr. Cletus D'Souza, Emeritus Professor, Department of Biochemistry, University of Mysore, Mysore.

Dr. Sachin R. Chaudhari, Scientist and Assistant Professor at A-CSIR, CFTRI, Mysore.

PRINCIPAL

MMK & SDM Mahila Mahavidyalaya
Krishnamurthypuram, Mysore-570 004

Program Objectives

1. To explain the scope of NMR
2. Understand NMR instrumentation
3. Data interpretation using small molecules as example
4. Presentation of results on research paper

Proceedings of the workshop

The program was conducted using Google Meet and YouTube Livestream

Day 1: <https://www.youtube.com/watch?v=ajreqR5GfoU>

<https://www.youtube.com/watch?v=JJAfr3gakIU>

<https://www.youtube.com/watch?v=C1qXZrDwusI>

Day 2: <https://www.youtube.com/watch?v=aUjfpG2WNG0>

Day 3- <https://www.youtube.com/watch?v=GslX8i7h0uY>

<https://www.youtube.com/watch?v=s0QxcP8sHio>

The participants registered hailed from other districts of Karnataka, Uttar Pradesh, Maharashtra and Tamil Nadu

Day 1

27.08.2020:

The participants, guest and speakers were welcomed by Dr. Wethroe Kapfo, Convenor of the Workshop.

The Workshop was inaugurated by Dr. B. Yashovarma, Secretary of SDM Educational Society, Ujire and Patron of the program. He deliberated on the need to inculcate research mindset to students right from their undergraduate studies and encourage them to pursue research for the advancement of the country.

Prof. Bharathi N, Head of Dept of Physics, MMK & SDM MMV introduced the speaker, Prof. Cletus D'Souza, Emeritus Professor, Dept. of Biochemistry, University of Mysore, Mysuru.

Day 1 Session: The speaker spoke on the title “**Applications of NMR in Biology**” wherein he gave a brief history about NMR and its relevance to biological sciences today. Explaining the basic principles of NMR of spins and coupling constants he further explained the concept of chemical shifts particularly in ^1H NMR. 1D NMR interpretation was explained using simple molecules wherein ^1H and ^{13}C NMR was discussed.

Day 2

28.08.2020:

PRINCIPAL

MMK & SDM Mahila Mahavidyalaya
Krishnamurthypuram, Mysore-570 004

Smt. Pallavi MR, Assistant Professor, Dept. of Biochemistry, MMK & SDM MMV introduced the second speaker, Dr. Sachin R Chaudhari, Scientist & Assistant Professor ACSIR, Dept of Spice and Flavour Science, CSIR- CFTRI, Mysuru.

Day 2 Session: The speaker spoke on the topic “**Introduction to 2D NMR**”. He explained the instrumentation of 2D NMR, sample preparation, homonuclear and heteronuclear 2D NMR. He discussed short- and long-range coupling of ^1H and ^{13}C atoms, further giving the theoretical aspects of a typical spectra in the form of diagonal and cross peaks seen in COSY, TOCSY, HSQC, HMQC and HMBC.

Day 3

29.08.2020

Day 3 session: Dr. Sachin R Chaudhari spoke on the topic “**Practical aspect of NMR spectra & A- Guide to 1D & 2D NMR Interpretation**”. He dealt with the practical interpretation of 1D as well as 2D NMR using small molecules further giving his expert opinions of using 2D NMR in large molecules like carbohydrates and proteins. He explained how to decipher isomers from the NMR spectra and shared “The Classic Five” types of NMR that can be used to confirm one’s results. They are ^1H , ^{13}C , COSY, HSQC and HMBC.

The session concluded with closing remarks by Prof. Sainath Malligemadu, Principal, MMK & SDM MMV and Vote of Thanks rendered by Mr. Bipin Joseph, Chairman, Ryan Publishers.

An eQuiz competition was conducted as a recap for participants. Those who scored above 90% were given a separate Certificate of Excellence.

Program Outcome

1. The instrumentation of and working principle of 1D and 2D NMR was explained with examples.
2. The participants which included UG and PG students, research scholars and faculties learnt how to interpret the spectra of small organic molecules like generated using 1D and 2D NMR.
3. The participants were given the opportunity to contact the technical experts for further association.

Conclusion

The challenge after obtaining an NMR spectrum is interpreting the results. The Three-Day Workshop addressed the technique of analysing 1D and 2D NMR data using small molecules as examples.

Wed, Aug 12, 2020 at 11:18 AM

Dear Sir

We are happy to inform you that the Department of Biochemistry, MMK & SDM Mahila Maha Vidyalaya, Mysore and Ryan Publishers, Trichy, Tamil Nadu are organising a national Workshop on "Fundamentals of Interpreting NMR spectra" from 28th to 30th August, 2020. The main objective of this workshop is to help the participants, particularly those who struggle with the practical analysis of an NMR data build a basic foundation of interpreting the spectra. As we are aware of your expertise in this field, your contribution as a resource person will benefit our participants, therefore, serving the purpose of this workshop. In lieu of this I request you to please consider the invitation and confirm your participation.

With best regards

Dr. Wethroe Kapfo

Assistant Professor and Head
Department of Biochemistry

Wed, Aug 12, 2020 at 12:32 PM

Dear Wethro,

Thank you for your invitation. I will be available only on the 30th as I will be travelling on the 29th. Please let me know the topics chosen by the other speakers so that there is no overlap

Regards

Cletus

Thu, Aug 13, 2020 at 12:44 PM

Dear sir,

In continuation with the previous email, the topics being handled by Dr. Sachin are 1. Introduction to NMR and 2. Guide to 1D NMR interpretation.

I request you to kindly share your topic as well sir.

thanks and best regards

In Association with

MMK & SDM MAHILA MAHA VIDYALAYA, MYSURU

Department of Biochemistry and IQAC

Organizes

Three-Day National Workshop on the topic

"FUNDAMENTALS OF INTERPRETING NMR SPECTRA"

Date: 27th to 29th August, 2020

Timings: 11:00 am to 12:30 pm

MMK & SDM Mahila Maha Vidyalaya

Affiliated to University of Mysore, Mysore

JLB Road, Krishnamurthypuram, Mysuru- 570004

About the College: MMK & SDM Mahila Maha Vidyalaya was incepted in 1990 as the first & only women's college among 56 institutions under SDM Educational Society®, a non-profit NGO dedicated to societal service through education & socio-cultural consciousness under the vision and leadership of Dharmadhikari of Shri Kshetra Dharmasthala, Padmavibhushana Poojya Dr.Veerendra Heggade. Fulfilling the college motto, "Empowerment of Women to Build an Enlightened Society" it is recognized as one of the premier institutions in India, by India Today and Silicon India, providing affordable quality education to socio-economically challenged students hailing from Karnataka and neighbouring states. IIQA for NAAC accreditation is accepted & SSR submission is underway.

Admissions open for the following courses

• BSc

Physics, Chemistry, Maths, (PCM)

Physics, Maths, Electronics (PME)

Physics, Maths, Computer Science (PMCs)

Electronics, Maths Computer Science (PMCs)

Biochemistry, Microbiology, Biotechnology (BMBt)

• BCA

• BCom

• BBA

• MCom (PGEE clearance required)

Well organized event!

I'd have really enjoyed on ground sessions but with the current situation I understand, but kudos to the efforts.

It was very informative workshop, But it requires more sessions on the topic in order to understanding the details as well as to elucidate the chemical structure by ourselves.

I would like to thank the organizers for creating an opportunity to understand the basics of NMR.

do this programs in every month

Workshop could be more elaborative and affective

Presentation was very good but there is some technical issues are happened in first day of workshop and wasted time also
